Message

Dear Gov. Cooper,

I am extremely disappointed to hear that the state approved the water permits for the Atlantic Coast Pipeline in exchange for a 57 million dollar contribution from Duke Energy. Water quality in the eastern third of the state will be compromised by the pipeline, and no amount of money can make up for the lack of clean water. The 57 million dollars might not even be enough to cover the first pipeline spill or accident, of which would inevitably be numerous.

I urge you to do all you can to protect the people, waters, and wildlife of our state and do everything in your power to reject this pipeline. Thank you.
